COURSE DESCRIPTION

In this online course, students will be introduced to the computer keyboard to learn touch typing, which is typing without looking. If students already know how to touch type, emphasis will be put on building speed and accuracy.

COURSE REQUIREMENTS

Prerequisite(s): None

RELATED COURSE REQUIREMENTS

Regular access to PC computer (laptop or desktop) with reliable internet connection.

Email and regular, frequent internet access are an important part of this course. The instructor will communicate through the assigned Yukon University email addresses and the Moodle course website. The use of the Moodle course website is mandatory.

This course will be completed online using Typistapp.ca. Students will be required to purchase an access code for Typistapp.ca. Students who do not have the access code will not be permitted to complete this course.

EQUIVALENCY OR TRANSFERABILITY

Receiving institutions determine course transferability. Find further information at:
<https://www.yukonu.ca/admissions/transfer-credit>

LEARNING OUTCOMES

Upon completion of the course, students should be able to use the touch-typing method to key letters and punctuation on a keyboard. Students will increase speed and accuracy throughout the course, and at completion of the course will have demonstrated the ability to keyboard at a minimum speed of 25 net words per minute over a 5-minute timing, **using correct fingering, without looking at the keyboard.**

COURSE FORMAT

Weekly breakdown of instructional hours

The course is entirely online and will consist of individual work. The majority of the time will be devoted to individual work and practice sessions, in which students will have an opportunity to develop their keyboarding skills using the online keyboarding software.

Official timings (for grade assignment and official speeds) will be held November 2024 and in April 2025. Please see the course syllabus for more detail.

Delivery format

The course is entirely online and will consist of individual work. The majority of the time will be devoted to self-guided individual work and practice sessions, in which students will have an opportunity to develop their keyboarding skills using the online keyboarding software.

As a suggestion, you may want to consider spending at least 20 minutes per day practicing and skill building.

EVALUATION

This course is graded based on the net words per minute achieved over a 5-minute official timing, using correct fingering, without looking at the keyboard.

Your grade is assigned according to the following system:

A = 50 net words per minute or greater

B = 45 – 49 net words per minute

C = 35 – 44 net words per minute

D = 25 – 34 net words per minute

F = 24 net words per minute or below

Note: Students who obtain 25 net words a minute or greater but who look at the keys rather than use the touch type method will be given an “F” in this course.

COURSE WITHDRAWAL INFORMATION

Refer to the YukonU website for important dates.

TOPIC OUTLINE

Keyboarding 100 (KEY 100) is unique in your Office Administration suite of courses. It's the only course where **you** decide how often you need to complete the exercises to reach your goal of 35 words per minute (wpm).

The *minimum* speed to pass KEY 100 is 25 wpm, but most administrative jobs require a higher speed than that.

I encourage you to aim for *at least* 35 words per minute.
