Attendance & Participation

Regular student attendance and participation are essential. The material covered in class will be cumulative, and missing a class will put a student at a serious disadvantage. A large number of skills must be mastered, and specific information must be understood.

If you do miss a class, please let the instructor know, in advance if possible, and the instructor can then tell you how to make up for the missed class. Upon returning to class after any absence, students are responsible for checking with the instructor for work or handouts missed during their absence.

Assignments

Each assignment must be presented in a professional manner, with pages in the correct order, in a separate file folder with the student's name clearly printed on the folder tab. In addition to a printed version, all assignments will also be submitted electronically through moodle.yukonu.ca (Moodle) before the specified due date. Late assignments must be e-mailed and have a subject line of "**WP120, Assignment Description**". The description to use for any given assignment may be found in the Syllabus. Late assignments will lose 10% per day penalty for each of the first three days. The due date is considered Day 1. No assignment will be marked after the three-day penalty period, without prior written permission.

If you feel you have a valid reason why you should not be subject to the penalty, it is your responsibility to inform your instructor. All late assignments that are submitted for grading purposes must be accompanied by a written explanation that includes the following:

- Your name
- Course name
- Reason for late (doctor's note if applicable)
- Original due date
- Date submitted

If you know ahead of time that your assignment will be late, it is your responsibility to provide a written explanation to your instructor. Arrangements can then be made with your instructor for your assignment due dates.
