Dear Dr. Brown,

On behalf of the University of Ottawa, I am writing to offer you my best wishes on your upcoming installation as the eighth President and Vice-Chancellor of Yukon University.

Having recently transitioned to university status in spring 2020, and as Canada's first university north of 60, it is an exciting time for Yukon University to flourish as a hybrid university. Throughout your distinguished career, you have demonstrated tremendous leadership as an accomplished academic, researcher, and administrator.

With the wealth of knowledge and expertise you bring to this role, Yukon University's focus on research and undergraduate programming in areas such as climate change, sustainable resource development and Indigenous governance and self-determination is a boon to the university sector as well as to the future of Canada's Northern and Arctic regions and its people.

Should there be anything that my colleagues and I can do to support your and your colleagues, please know that we are eager to work with you.

Sincerely,

Jacques Frémont
President and Vice-Chancellor
